

At ELSCC, TCI Wins Awards for Excellence in Different Verticals

TCI Team receiving awards in different category

Stall display at the event

Express Logistics Supply Chain Conclave (ELSCC), over the last six years has developed a reputation as Asia's largest gathering for logistics and supply chain management professionals. A reputation that is well deserved when you look at the figures - 600+ supply chain decision makers from diverse sectors, all on one platform discussing the present and future course of supply chain industry at large. For the 9th time in a row, ELSCC had conducted an Award event to recognize the pioneers of the logistics and supply chain service industry at Mumbai Taj Lands End, Mumbai from 29th-30th September, 2015.

ELSCC co-hosted several co-located industry tracks across 2 days, running parallel to the main conference & ELSCC Awards. These are:

- FMCG Supply Chain Forum
- e-Express & Omni-Channel Supply Chain Forum
- Procurement Strategies Forum
- Auto Supply Chain Forum
- HI-Tech Supply Chain Forum
- After Market, Services Parts & Reverse Logistics Forum

- Pharma Supply Chain Forum
- IT-SCM Innovation Forum

Transport Corporation of India (TCI), India's leading Multimodal Integrated Logistics & Supply Chain Solutions Provider as part of its constant effort to keep up with the best practices applied in logistics and SCM, has been associated with ELSCC for couple of years now. This year, TCI has been the Silver Partner cum Speaker for the same. TCI has also been nominated in various categories and has won number of awards in various verticals in the past. This year is no different, TCI has bagged the following awards for their excellent work in the different vertical in the varied categories.

1. Supply Chain Innovation of the Year - TCI Supply Chain Solutions
2. Diversified Logistics Company of the Year - TCI Group
3. Best Road Service Provider of the Year - TCI Freight
4. Best Project/Bulk Logistics Company of the Year - TCI CONCOR

At ELSCC, TCI SCS also had a booth to highlight its services and also part
